

ASTICO PARK ROAD CONSTRUCTION DETOUR (2017)

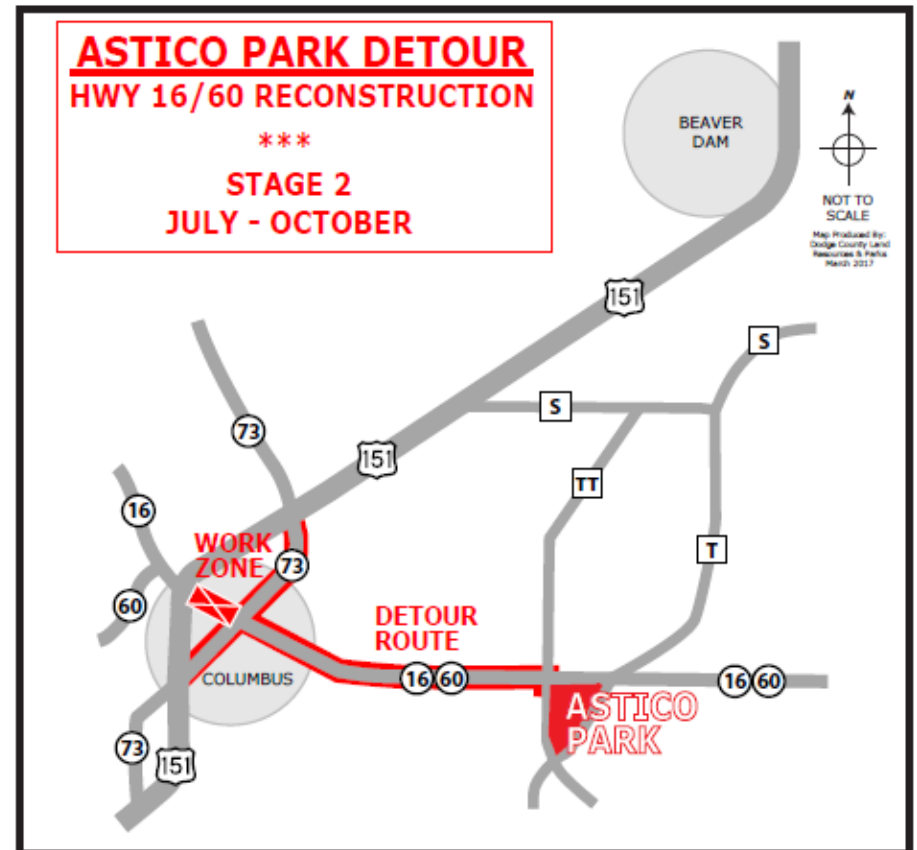

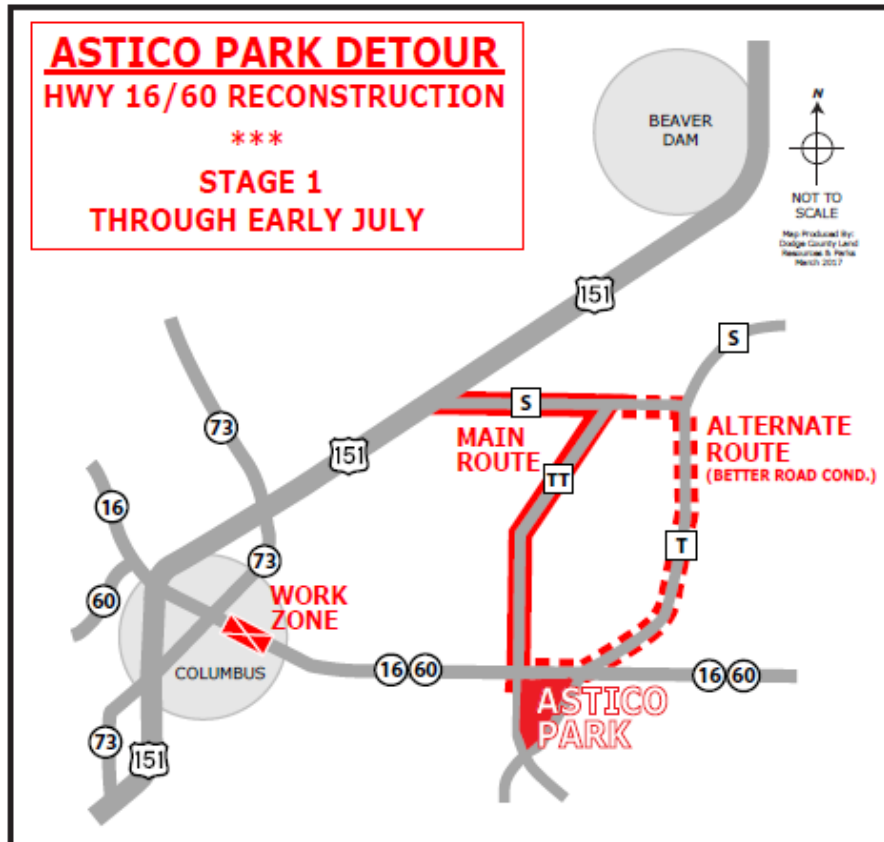

(for those coming from Hwy 151)

Road construction has started on Hwy 16/60 from Columbus to Hwy 151 (about 3 miles west of Astico Park). This construction will run through the entire 2017 camping season and will require use of detour routes to access Astico Park if travelling from HWY 151. The Construction will take place in 2 stages. See maps below for suggested detour routes.

STAGE 1: (thru July) Exit Hwy 151 at Hwy S (north of Columbus). Follow Hwy S to Hwy TT. Follow Hwy TT to Astico Park main entrance (N3620 Hwy TT). Total detour distance 6.8 miles.

For better road conditions from Hwy S, try Hwy T to Hwy 16/60 back to Hwy TT.

STAGE 2: (July thru October) Exit Hwy 151 at Hwy 73 (north or south of Columbus). Follow Hwy 73 into downtown Columbus to Hwy 16/60. Take Hwy 16/60 east to Hwy TT to Astico Park.
